I would like to extend special thanks to you and your colleagues, particularly  
[Redacted], for creating and displaying the exhibit on  
Antarctica.

Messrs. Bennett, Bresnahan, and Guthridge--three members of my staff who viewed the display at your headquarters 26 January--have told me it is complete, accurate, and attractive. We will be most proud to use it at an open house at the Christchurch, New Zealand, international airport on 19 February 1984.

Your decision to transfer the exhibit to the Foundation for permanent retention and use was an especially pleasant surprise, because we already envision several uses of it after the New Zealand show has been completed. It will be a pleasure to keep you informed of these future uses.

Sincerely yours,

*Edward P. Todd*
